RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

INTRODUCTORY COMMENTS

In response to the Notice of Non-Compliant Amendment mailed July 25, 2006, Applicant is providing a corrected Sequence Listing (3 pages) and a computer readable form providing an identical copy of the Sequence Listing.

REMARKS

This is responsive to the Notice of Non-Compliant Amendment mailed on July 25, 2006.

As indicated in the Notice of Non-Compliant Amendment, the Sequence Listing mailed on May 8, 2006 was not compliant for failing to provide a valid <213> response for sequences 3, 4, 9 and 10. Applicant has removed "oligonucleotide" at <213> and replaced it with -- Artificial Sequence -- for said sequences, as required under 1.823 of the Sequence Rules. No new matter has been added.
